250th Anniversary Flag

We are on a mission:

A one-year focus to help people craft the American flag by hand through workshops and continuing support. Stitch by stitch, this project is a tribute to our nation's history, a celebration of its 250th anniversary, and a personal act of community and public spirit.

Whether you're honoring a veteran, remembering a loved one, or simply expressing your love for this country, we hope this flag will stand as a lasting symbol of freedom, made with purpose and heartfor America.
